Here are quick answers to some of the more commonly asked questions about grades:

What do I do if I have a missing or blank grade?

Grades will be blank until they are officially reported at the conclusion of the course and, where applicable, associated exam. Grades must be reported no later than 5 business days after the exam period. If, after this time, you still have a blank fall term grade, contact your professor or the department offering the course and ask when the grade will be reported.

Can my grades change?

Grades appear incrementally as they are reported by your course instructors and/or department. Grades may change after appearing in your online grade report as a result of further review by your program, Faculty or instructor.

What does NGR mean?

NGR means No Grade Reported. Please contact your professor or the department offering the course to inquire when the grade will be reported.

What does F NGR mean?

F NGR means that a grade of F will be on your record until another grade is reported by your professor.

What do I do if a grade was reported incorrectly?

First, contact your professor to confirm the grade reported. Then, if you wish to appeal a grade, you will find information on grade reappraisals here: <http://www.registrar.yorku.ca/grades/reappraisal>

What do I do if my grade report says I am ineligible to continue or I want to talk with someone about my degree program options?

Contact your Faculty advising office here: <http://acadresources.yorku.ca/advising/>

Where do I find out more Faculty-specific information about my grade report?

Each Faculty has a grades legend here: <http://www.registrar.yorku.ca/grades/legends>
